CZ TS 2 **ORANGE**

IT'S ON!

***The highest performing CZ Sport Special
for the IPSC Standard division***

A sport special developed in accordance with the latest trends in the IPSC Standard Division. Its main feature is a new, heavy polished "bull" barrel that provides higher accuracy, better control (even during very quick, repetitive shots) and a significantly longer service life. A screw attachment system for the front sight allows for quick and easy removal. Extra cocking serrations are placed on the top edge of the slide. The barrel-to-slide and slide-to-frame are hand-fitted to achieve the smallest possible tolerances for optimum operation.

Additional features include a thin profile thumb rest with ideal placement, higher positioned ambidextrous manual safeties and an adjustable rear sight. The duralumin grips, adjustable magazine release button, magwell and magazine base plate are made from orange anodized duralumin.
